Reds Reject 'Final, Irrevocable' Peace Plan of Allies

SECRECY ENDS AS PROPOSALS ARE REVEALED

Munsan, Korea (AP)—Korean truce talks sank to an all-time low today after the Communists rejected the Allies' "clear, final and irrevocable" peace proposal.

The official Allied spokesman said, "There is nothing left to discuss."

Top negotiators of each side told the other: "The next move is up to you."

Agreement appeared so remote the United Nations Command proposed an indefinite recess of armistice talks. But full delegations will meet again tomorrow, at 11 a. m. (9 p. m. Wednesday, EST) at Red insistence.

Negotiators abruptly ended the secrecy which had shrouded the talks since the Allied package deal was presented April 28. In Tokyo, Gen. Matthew B. Ridgway promptly announced the virtual Allied ultimatum. It is a three-point package:

(1) The U. N. Command would return 70,000 of 132,000 captured Chinese and North Koreans in exchange for 12,000 Allied troops held by the Reds. This is the crux of the deadlock.

(2) The Communists would be permitted to build and repair North Korean airfields.

(3) The Reds would drop their nomination of Russia as a "neutral nation" to help police a truce. Ridgway said this was a package to be accepted as a whole. He said:

"Our position is one from which we cannot and shall not retreat."

The Communists turned down this package and submitted a counter-offer Friday, it was disclosed. The Allies rejected it.

Under the Red plan the Communists would get back 132,000 prisoners in exchange for 12,000 U. N. POWs. The other two points would be the same as the Allied plan. The Reds previously had hinted repeatedly they wanted to swap Russian supervision for the right to repair airfields.

The big issue is voluntary vs. involuntary repatriation of prisoners. The U. N. Command says only 70,000 prisoners of war and civilians said they would be willing to return to Communist territory. Some others even threatened suicide rather than return.

Stowaway Girls In Trouble as Soldiers Are Courtmartialed

Guam (AP)—Two guys in Guam and two girls in California were 6,000 miles apart today, but up to their ears in trouble.

A court martial here convicted Staff Sgt. Deway H. Meeks and Airman Robert I. Quick of helping two adventure-seeking girls stow away on an Air Force B-29 at Sacramento, Calif., last month for an unauthorized junket to this Pacific island.

Both were sentenced to six months at hard labor at one-third pay. Then Meeks will be given a bad conduct discharge.

In Sacramento the girls, Jeri McDaniel and Maxine Allen, stepped off a plane from Guam into the hands of the law. They were charged with illegally entering and hiding in a U. S. plane with the intention of traveling.

They also were fired from their jobs as shipping clerks at McClellan Air Force Base. They face possible maximum sentences of one year in jail or a \$1,000 fine.

Martin, Duff Given Gold Police Cards

Washington (AP)—Pennsylvania's two Republican senators today held gold cards signifying honorary life membership in the Fraternal Order of Police.

Membership in the Pennsylvania Lodge of the order was bestowed yesterday upon Sens. Edward Martin and James H. Duff for their work in behalf of police.

Troublemakers Get Jail Sentences And Fines After Fights

At a hearing before Justice of the Peace Paul Leiby, Rogertown, last evening, two local men were fined and given jail sentences, and a Buffalo man was released upon payment of a fine and costs.

The hearing grew out of a series of fights in Clarendon last Saturday morning and afternoon in one of which Constable William Shea, of Clarendon, was injured. The men were Frederick and Richard Reist, Jackson street extension, and James Leonard of Buffalo. A fourth man, Merlin Wood, also of Jackson avenue extension, was released from a disorderly conduct charge on Saturday when he pleaded guilty and paid a fine of \$10 and costs.

Last evening, Justice Leiby assessed a fine of \$10 and costs against Leonard on a disorderly conduct charge. He paid up and was discharged on that count. A charge of assault and battery against Leonard, preferred by Richard Haggerty, of Clarendon, was dismissed when Haggerty acknowledged satisfaction.

Charges of disorderly conduct against the two Reists resulted in fines of \$10 and costs for each. In default of the fines and costs, they were remanded to county jail for 10 days.

A charge of assault and battery against both Reists, preferred by John Shea, was dismissed when Shea acknowledged satisfaction. Likewise, an assault and battery charge against Frederick Reist, preferred by Richard Haggerty, was dismissed for the same reason.

However, on charges of assault and battery against both Reists, preferred by Constable William Shea, Justice Leiby ordered fines of \$25 and costs each, and 30 days in county jail. If the men default on the fines and costs, they will serve additional time in county jail, in addition to the 10 days they received on disorderly conduct charges.

Former Mayor Of Corry Heart Victim

Corry, May 7 (AP)—Olin Bracken, 59, former mayor of Corry and a prominent member of the Masonic order, died of a heart attack last night while administering the lodge's third degree to his three sons.

Bracken, a partner in the Bracken-Keating Funeral Home, was acting as Worshipful Master of the Blue Lodge at the Masonic Temple. His sons rushed to his side as he collapsed. They are Robert and Olin Jr., associated in the funeral home, and Charles, vice president of the Corry Citizens' Bank.

The funeral director was one of Northwestern Pennsylvania's best known residents.

Services will be held Saturday morning at eleven o'clock, with the Rev. Paul Bauer, of the Presbyterian church officiating. Interment will be in Pine Grove cemetery.

DENY NEW TRIAL IN MANSLAUGHTER CASE

An opinion was handed down in Forest County Court at Tionesta Tuesday afternoon by Judge Allison D. Wade denying a motion for a new trial in the case of Mrs. Robert Taft of Warren, found guilty last February 20, of involuntary manslaughter, resulting from an automobile accident May 5, 1951, in which it is alleged that C. Curtis Keifer, Tionesta RD, received injuries that caused his death.

Arguments for the new trial were heard at Tionesta April 7.

CRIPPLING BY ATOMIC LONG RANGE IS SEEN

Washington (AP)—Air Force Gen. Hoyt S. Vandenberg told senators today that within two years Soviet Russia "will possess the means of launching against this country a long-range atomic attack."

"Unless effectively opposed and countered, this attack could neutralize our own ability to retaliate and at the same time could seriously cripple certain key centers of the industrial productivity upon which we depend for ultimate victory in war," the general said.

The Air Force commander joined other Pentagon top brass and civilian secretaries in protesting House-approved slashes in defense spending during the next fiscal year starting July 1.

The House voted to limit actual military spending in the new fiscal year to not more than \$4 billion dollars, some six billion under present plans.

It ordered a 4 1/2-billion-dollar slash in new funds asked.

Because the Air Force chief was entering Doctors Hospital for surgery, his vice chief of staff, Gen. Nathan F. Twining, arranged to read his statement to the subcommittee. The nature of Vandenberg's ailment was not disclosed.

KIN OF ROOSEVELT FOUND UNCONSCIOUS

New York (AP)—Mrs. Pauline Longworth Sturn, 26, granddaughter of President Theodore Roosevelt, was found unconscious yesterday in her East Side hotel apartment.

Mrs. Sturn, daughter of the late Nicholas Longworth, for six years Speaker of the House of Representatives, and Alice Roosevelt, was once the nation's most publicized baby.

The Alrae Hotel management said she was found unconscious by a maid at 4:30 p. m. yesterday and taken to Roosevelt Hospital.

After treatment she left the hospital in the care of her private physician, Dr. John A. P. Millet, a psychiatrist. Police listed the case as "sudden illness."

Mrs. Sturn is the widow of Alexander McCormack Sturn, writer and artist whom she married in 1944. He died last November. A daughter, Alexandra, 6, lives with relatives.

Philadelphia (AP)—Henderson Supplee Jr. is the new president of the Atlantic Refining Co.

Earlier, the stockholders approved a split of the company's common stock on the basis of two and a half shares for one.

STUDENTS AT MUNICIPAL BUILDING: Thirty-six members of the ninth grade Social Studies class at Beatty School, visited the Municipal Building with their instructor, Carl Harris, Tuesday, to study first hand some of the operations of the borough government. With borough employees from the various departments as guides they visited the business office where they inspected the bookkeeping procedure, coin counting machine, maps, etc. They also inspected the council room where a short discussion was held on the work of that body. Later they visited the local and State Health offices, and from there to the office of Borough Engineer Calvin W. Barwis. At Police Headquarters they were instructed in the work of this important department, including fingerprinting, cataloguing of records, methods of combating crime, including the operation of the two-way radio and tear gas bombs. The tour, in connection with the study of "Local Government," was most instructive for the student group, and a pleasant experience for those who had the pleasure of escorting them through the various offices.

Sister Testifies Arvellino Home On Bank Robbery Day

Pittsburgh (AP)—Rosemary Arvellino, 22, of Brooklyn, told a Federal court jury yesterday her brother, Anthony Arvellino, 25, was home February 15—the day he is accused of taking part in a \$7,100 robbery at the Johnstown National Bank.

Arvellino is one of five men on trial in the holdup. The others are Tony Asti, 46; his son, Frank, 24; his son-in-law, Kenneth D. Croyle, 22; and Thomas McMahon, 23, all of Johnstown.

Arvellino is accused of being one of two gunmen who entered the bank. The others are charged with conspiracy. The FBI is still seeking the second gunman.

McMahon pleaded guilty and linked the other men with the robbery. Frank Asti and Croyle testified they took two strangers to Buffalo in their taxicab and admitted receiving a \$400 tip, but they said they did not know the men. They pleaded innocent.

FOREIGN AID GETS FINAL CONSIDERATION

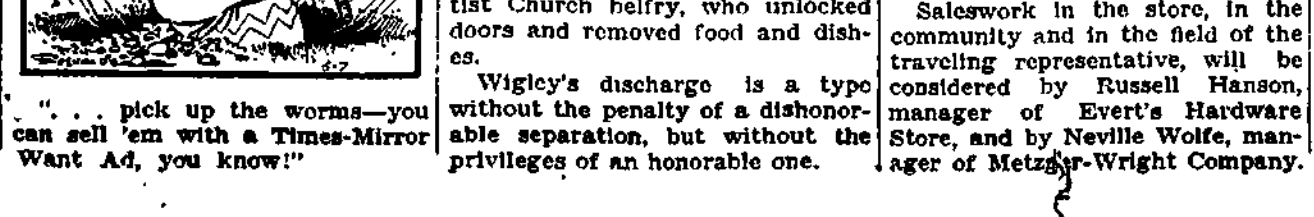

Washington (AP)—The House Foreign Affairs Committee started final consideration of the foreign aid program today after cutting more than one billion dollars from funds earmarked for Europe.

The committee approved a total reduction of \$1,010,000,000 or 12.8 per cent of the \$7,900,000,000 which President Truman requested.

The truck will be at the Wagner service station for about an hour this evening.

Schenectady, N. Y. (AP)—The Atomic Energy Commission AEC has awarded a \$2,446,000 contract for construction of a bell-shaped steel building to house a model atomic submarine power plant.

The builder, Chicago Bridge and Iron Co., will begin fabrication work on the structure at its Greenville, Pa., plant immediately, the AEC said.

Taft Swamps Ohio, Kefauver Wins Only To Lose in Florida

By The Associated Press
Ohio Democrats voted Sen. Estes Kefauver into the lead today in the race for presidential nominating delegates, but the Tennessee suffered his first primary defeat in Florida. Sen. Robert Taft swamped his opposition in Ohio to move in front again on the Republican side.

Sen. Richard Russell of Georgia won a narrow victory over Kefauver in the Democratic popularity contest in Florida, the first and only Southern primary in which Kefauver was entered.

Delegates were not chosen in the contest yesterday. A second primary will be held May 27 to elect delegates and both Kefauver and Russell are expected to put on another campaign in Florida before then.

With returns in from 1,390 of the state's 1,682 precincts, Russell had 275,728 votes and Kefauver 249,862. Russell gained most of his strength in the rural areas while Kefauver was a heavy winner in Miami and other cities.

Returns were incomplete in Ohio, which had no popularity test, but indications were that Kefauver would win in most of the 31 delegate contests in which he was entered. Kefauver men were leading in 25 of those races.

The Tennessee was opposed by former Sen. Robert Bulkley, a favorite son who sought all but one of the state's 54 Democratic convention votes. Kefauver was unopposed in one contest.

Taft's victory in Ohio pushed him well ahead of Gen. Dwight Eisenhower in the Republican delegate contest. Before the Ohio vote, Eisenhower led Taft 284-281 in the AP tabulation. Taft claimed he was well in the lead even before Ohio.

BEAR LAKE CHILD INJURED BY TRUCK

Nancy L. Snow, 7, daughter of Edward Snow of Bear Lake, was painfully injured shortly before 4 p. m. yesterday when she was struck by a truck owned by the Erie Railroad Company and operated by Herbert C. White, 18 W. 10th street, Jamestown.

The youngster was taken to WCA Hospital in Jamestown where her condition is listed as fair. She sustained a fractured nose and multiple bruises.

White told Corry state police, who investigated, that the youngster was walking along the berm of Route 61018 in Bear Lake when she apparently became confused by the number of trucks in the vicinity loading slag, and started across the road in front of his vehicle. Police have not concluded their investigation.

WESTERN UNION, AFL IN MEETINGS TODAY

Washington (AP)—Officials of Western Union and the AFL Commercial Telegraphers' Union discuss their month-old strike today for the first time in weeks—at the invitation of the Federal Mediation and Conciliation Service.

Today's session was arranged by Mediation Chief Cyrus S. Ching after the company had refused earlier invitations.

AT EMERGENCY

Barbara Harrison, 23 Walnut street, was treated at Warren General Hospital this morning for an injury to her ankle, received late Tuesday while skipping rope. Matilda Anderson, 330 E. 5th street, was treated today for a broken left wrist, sustained late Tuesday when she fell on the stairs at her home.

NO RATIONING OF GASOLINE IS EXPECTED

Denver, (AP)—The co-ordinating committee of the 22 oil workers unions on strike in the oil industry has agreed to attend a meeting before the Wage Stabilization Board May 13.

WBS Chairman Nathan P. Feinsinger in Washington yesterday asked for an end to the strike and renewal of bargaining. The meeting will be to give the WBS a full background of the controversy.

This opened the way for speculation that the WBS, which never handles a case when a strike is in progress, will turn the oil dispute back to President Truman.

He will be faced with the problem of whether to invoke the Taft-Hartley Act. This could bring about an injunction barring further striking for 80 days.

It is possible bargaining for settlement with the aid of Federal Mediation and Conciliation Service would be renewed.

Several recently negotiated contracts might be considered a pattern for nationwide settlement.

The board turned the dispute back to the unions and management April 16 for more collective bargaining after failure to get hearings under way.

As the strike entered its eighth day today with oil refining capacity reduced by a third, the effects were becoming more serious.

Military aviation has been curtailed and a 30 per cent reduction in aviation gasoline supplies for commercial and private flyers was ordered.

Secretary of the Interior Chapman reiterated there will be no rationing of motor gasoline, however.

Some negotiations continued on a hopeful note.

Continues Mass As Fire Roars Through New Jersey Church

Madison, N. J. (AP)—An inter-dial priest and two young altar boys continued saying mass today as a \$100,000 general alarm fire roared through part of St. Vincent's Catholic Church.

While the Rev. Stephen James Patch stayed at the altar another priest, the Rev. James Fallon shepherded 200 school children to safety.

Flames leapt from a chandelier above the altar, spiraled into the church steeple and within minutes the entire front of the church was a mass of flames.

Moments before Father Patch and the altar boys, Richard Farrell and Larry Allarco, both 12, fled the altar, the heavy chandelier hurled down behind them.

As the flames weakened the supports of the steeple, it crashed down, cascading flaming splinters and masonry into the church.

Three fire companies battled the blaze and brought it under control within an hour.

Father Patch estimated damage at \$100,000.

DEBATE ON SEAWAY BILL IS POSTPONED

Washington (AP)—Senate debate on the controversial St. Lawrence seaway bill has been postponed and there's no certainty when it will be considered.

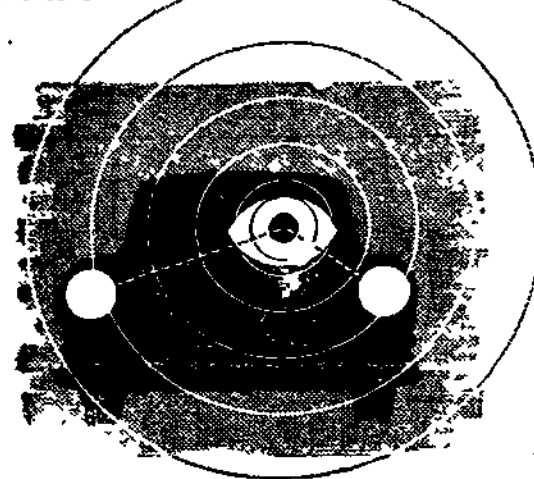

Backers of the measure had hoped for action Friday but the Senate Policy Committee, which decides the order of business, agreed yesterday to take up an immigration bill first.

Because the immigration legislation also faces stiff opposition debate on it may be lengthy. And if some other important bill comes up by the time the Senate completes action on immigration bill, the St. Lawrence debate may be put off indefinitely.

"Human Relations in Industry" Subject Of Discussion by Social Science Club

The final meeting of the present season for the Social Science Club, held May 3rd at the Woman's Club and was well attended. Ger-

ard Newton, of the Warren schools, introduced the speaker of the evening, Arthur D. Webster, plant personnel manager of the Armstrong Cork Co., of Beaver Falls. Mr. Webster has a delightful and inspiring personality and before announcing his topic, "Human Relations in Industry" he told of some experiences in China during the World War.

The topic was suggested by a foreman, Don McDaniel, who was unknown to some of his men although they had been working under him for six months. In modern industry many employees are known only by their shop number, or perhaps by the place they fill at the machines, or on the as-

sembling floor. McDaniel had noticed how the "guy" is regarded today by the management, and it occurred to him that everyone wants to be somebody as is evidenced by their ways when out of the plant. They want to be noticed; they value being allowed to assist in helpful suggestions about shop practice; he likes some evidence to show that his work counts; he likes being told upon induction into the plant matters relating to Company plans, and what relates to his own work.

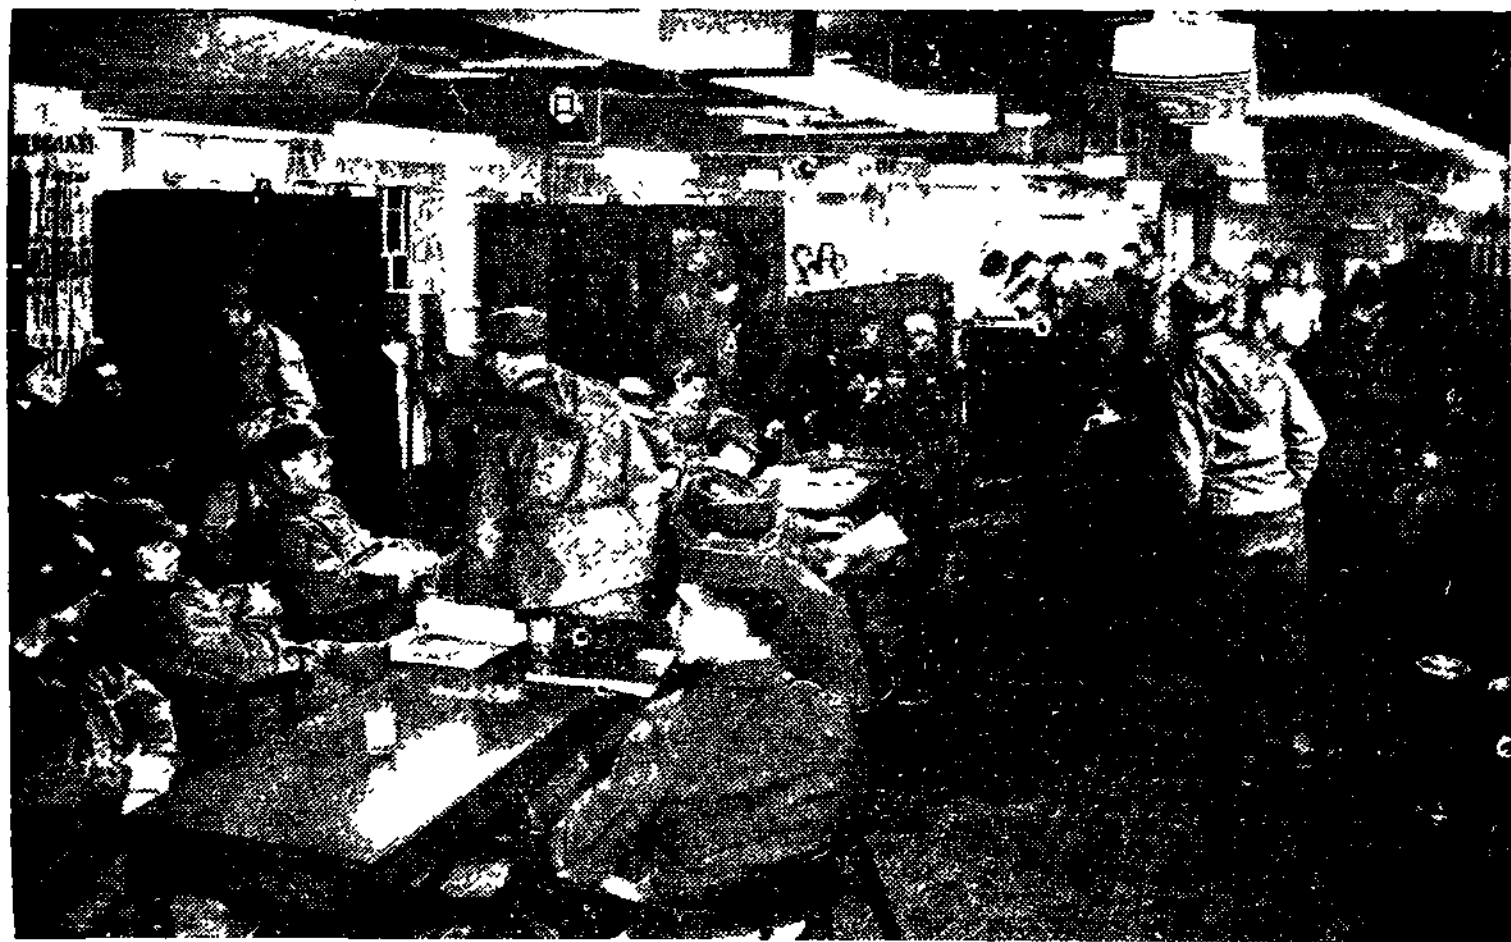

To further these desires on the part of the workmen Mr. Webster suggested an approachable boss, employee meetings, more friendly relations between foremen and workmen, and trying to give men greater feelings of security about their jobs, wages, etc. If the management doesn't look after these matters, the Union will. There is little to be gained by trying to withhold knowledge of these things from the men.

The speaker defined what is meant by "Human Relations", a very fitting topic for a Social Science Club. It is the development of effective working organization by getting people to work together. Often people are told how to end their differences and be happier than they have ever been. In the end increased productivity follows in the plant.

Relations between superintendents and employees, groups of employees, group leaders, and stewards, were interestingly described. The speaker did not agree with the statement often made that, "All the men are interested in is their money." He showed there is much evidence to prove that job security, and opportunity to advance come ahead of money. Human Relations permeates the entire structure and are based on certain assumptions: there is no one right way to solve a problem; sole responsibility does not rest with one man.

Mr. Webster used a unique way of provoking discussion from his audience by the use of screen slides and some records portraying one "Mary" who showed insubordination to her foreman. The discussion brought out the fact that foremen of today cannot handle similar cases as those of 50 years ago would have. If cooperation is the key to increased production, and a happier personnel, it will come through more effective Human Relations, and cannot be forced. Quotation was made from General Foods Chairman, Clarence Francis in the Times Magazine. "You can buy a man's time, you can buy a man's physical presence at a given place; you can buy even a measured number of skilled muscular motions per hour or day. But you cannot buy enthusiasm; you cannot buy initiative; you cannot buy loyalty. . . . You have to earn these things. . . . It is ironic that Americans—the most advanced people technically, mechanically, and industrially—should have waited until a comparatively recent period to inquire into the most promising single source of productivity; namely: the human will to work. It is hopeful, on the other hand, that the search is now under way."

Science has not yet found any method which will indicate intelligence through a study of the form and size of the brain.

Another hard day of training is over . . . but the busy hours are just beginning for this Telephone Center at Indiantown Gap.

"CORPORAL JONES IN BOOTH 12, PLEASE"

It's hard to see the loud-speaker in this picture. But you can be mighty sure it's heard! Every few seconds, the operator at this Indiantown Gap Telephone Center calls out the name of another soldier who's waiting to hear a wonderful "Hello!" from Mother or Dad . . . or from wife or sweetheart . . . maybe from you.

Handling the thousands and thousands of Long Distance calls from training camps is one of our most important jobs. One of the most heart-warming, too! That's why we've gone all-out to provide plenty of telephone service at military installations. That's why we've strived so hard to make the men comfortable

in Telephone Centers while their calls are being put through. Magazines and newspapers are there for the asking, and the smokes are on the house.

Any way you measure it, telephone service in military and naval establishments has increased tremendously during the past two years. Yet this is only part of the story. Defense industries have called for many thousands of new telephone lines, and there has been no let-up whatever in requests for other types of service. So we're stepping up our expansion program again. This year will be one of the biggest and costliest expansion years in our history.

Former Pastor to Address Dinner-Rally At First Presbyterian Church Next Week

Nearly 200 men of the First Presbyterian Church are expected to gather for a dinner and rally at the church on Monday evening at 6:30 where they will hear an address "Men For Our Day," by Dr. Raymond M. Kistler, former pastor of the local church. The meeting is held under the auspices of the local chapter of Presbyterian Men, Nat W. Drake, president.

Dr. Kistler, who was pastor of the First Presbyterian Church in the early twenties, is recognized as a churchman, lecturer and educator. He has been president of Beaver College, near Philadelphia, since 1940. It is one of the oldest seminaries in the United States, having been founded in 1853.

After leaving Warren Dr. Kistler served a term at the Central Presbyterian Church in Rochester, N. Y., and then at the First Presbyterian Church in Haddonfield, N. J.

In addition to his duties as president of Beaver College, he is president of the Historical Society of the Presbyterian Church, U. S. A., a member of the executive committee of the Pennsylvania Association of Colleges and Universities and a director of the Abington Y. M. C. A. He has served as president of the Pennsylvania Council of Churches, Moderator of the Erie and Rochester Presbyteries and Vice Moderator of the Synod of New York.

Dr. Kistler is a graduate of Westminster College of New Wilmington, Pa., and the Pittsburgh Theological Seminary. He has been awarded honorary degrees by Westminster and Beaver Colleges. During the course of his pastoral and educational services he has traveled extensively in Europe, Africa and Palestine.

His travels have given him an apt background for his lectures on strategic countries in current history which give the history, aims, ideals, conditions and Christian influence of the nations, now focal points in world events.

Dr. Kistler and Mrs. Kistler,

will arrive in Warren on Saturday. He will occupy the pulpit of the First Presbyterian Church at the 11 o'clock service on Sunday, Mother's Day, and the subject for his sermon that day will be "The Queen of Hearts."

Tickets for the dinner are being handled by a committee under the direction of Clifford Johnson. LETTERS TO EDITOR

May 6, 1952.
Editor Warren Times-Mirror and Members of School Board:

Once again the situation arose when a group of taxpayers met with the local school board last night.

The taxpayers' grievances were listed but to what avail. The cry is "It's too late." It seems as though a group of 12 men comprising the Board of Education has more to say about the location of the new school building than over 900 people who have petitioned as being against the removal of the South Street school.

The taxpayers aren't worried over the fact as to where the new building is to be erected, as to "how far must my child or children walk to school" — surely in this day and age with well over a million traffic deaths it isn't fair to let a child of six years walk up to 1 1/2 miles to school — but must we erect the school so that they have to walk exactly 1 1/2 miles?

For twelve men who are supposed to act and take into consideration the feelings and rights of we taxpayers, we feel a great injustice is being done.

The state grants a substantial amount of money for the new school. Let's have them look into the situation and voice their opinion and not let it rest with the verdict that the school board has come to.

Three years ago we petitioned against the removal of South street school — last night we asked — now we demand!!!!

SIMPLE MAN SHOWS HIS BRIDGE SKILL

"North" stated that South hadn't bid the hand strongly enough, that the game was unbidable even by experts, and that South had been very lucky in the play of the

cards. I probably needn't add that North is a lawyer and that he also pleaded self defense and produced a witness to show that he was 200 miles away when the hand was bid.

"South is a simple man with a loud simple voice. He made it very clear that he thought North should have bid again.

"Who is right?"
The simple man is right. North should have gone to two no-trump when South bid two spades.

South's hand is limited in many ways. He didn't open the bidding to begin with. He didn't jump to two spades over one heart, which would be a way of showing a hand that was nearly good enough for an opening bid. He didn't even jump to three spades over two hearts. Nevertheless, he did bid two spades.

The bid of two spades in this situation is a show of strength. South would pass two hearts with any really weak hand. For example, if South held six spades to the queen-jack-ten and a singleton heart (but no other high cards), he would just pass two hearts and let North go down quietly.

If South wants to show strength, North must hope for game and must therefore keep the door open. If North does so by bidding two no-trump, South should bid three diamonds. North then bids three spades, still staying under game but keeping the door open. South would then bid four spades very happily.

No guarantee goes with the contract, but South would have to be very unlucky to lose two tricks in spades and two tricks also in diamonds. South certainly has a very fine play for game and should be happy to reach the game contract.

WHAT A DIFFERENCE

—and Oh, how much better it looks!

HOUSE PAINT

There is a difference — and a big one — in house paints. There's a difference in the way they look when new — an even greater difference in the way they look a few years later. It's technical "know-how" that makes P&L House Paint the all-weather paint — that makes it wear longer and stay cleaner and fresher for more years. It's the choice of painters, architects and owners who know. Once used on your home, it will be your choice, too!

OPEN HOUSE AT STATE HOSPITAL

"Open House" at the Warren State Hospital tomorrow, will be one of the highlights of the observance of Mental Health Week at the institution.

This is the only public mental hospital available to residents of 13 northwestern Pennsylvania counties, of which Warren county is one, and all citizens are urged to take advantage of this opportunity to become acquainted at first hand with the hospital they would have to use in event mental illness occurs in the family.

As stated in previous articles the Open House program will include tours of the hospital beginning at ten a. m., and continuing until four p. m., although no groups will be conducted through the lunch period from 11:30 to 1:00 o'clock. Nurses and attendants will serve as guides.

These Open House programs have become increasingly popular semi-annual affairs, and are doing much to dispel the many fears and misconceptions about mental diseases and institutions where they are treated.

Special attention is called to the fact that the Open House this year will include inspection of the new admission building, where all new patients are currently received upon arrival at Warren State.

A FRIEND PASSES

News of the sudden death in Corry last evening of Olin M. Bracken, while he was realizing what must have been an ambition of a life-time, that of conferring a Masonic degree on a class that included his three sons, was learned with genuine sorrow by a host of friends through a wide area, that includes every person with whom he came in contact during a long and busy life, most of which was spent in service to fellow men.

Nothing that could be said here would do justice to Olin Bracken, nor would it be complete enough to acquaint the reader with many fine and unusual traits of his personality. He was a Christian gentleman, and every one who knew him in his home town is fully aware of the fact that he was a loyal and progressive citizen, untiring in his efforts to be of service to his community in any way possible. He was generosity itself, giving freely of his resources, his time, and in later years, since advised to slow up and take it easier, just too much of his energy. It can be said of him that he never lost interest in the things that truly mattered, and a friend once, was a friend to be treasured always.

SAMPLES COMMUNIST PEACE

May Day used to belong to the Socialists of the world, but the Communists have grabbed it from them and made it their own.

What they do with it was well illustrated by this year's riots in Tokyo. You'd think they might take the occasion to try to win some friends. Isn't peace and love for the masses the great slogan?

But no! They decided that the way to win Communist converts was to turn loose rioting mobs. Downtown Tokyo became a battle scene until police finally subdued and dispersed the energetic peace-lovers.

The picture of an American-owned car, overturned and burning in a Tokyo street, ought to be pasted in your scrapbook and trotted out as a healthy visual antidote to future hypocritical Red mouthings about their gentle devotion to peace and humanity.

WARREN COUNTY DAYS

Something new in retail merchandising promotion is being inaugurated tomorrow in the borough when 24 merchants sponsor the first "Warren County Day," to be observed the second Thursday of each month.

To properly take advantage of the bargain event the reader should study closely the advertisements of the participating merchants that appeared on the "double truck," pages eight and nine, of Tuesday's issue, before starting out on a tour of the stores tomorrow morning.

Every one of the 24 blocks in the large two-page display contains money-saving offerings that will make it very much worth while to do your early summer shopping in Warren the second Thursday in May.

Here And There

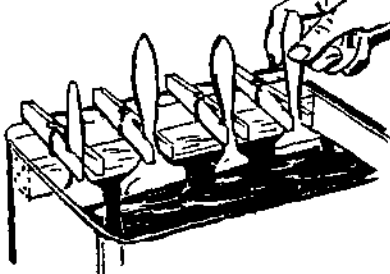

This n' That: Thievery and vandalism causing loss "that runs into four figures" were reported over the weekend by St. Bernard's Cemetery Association in Bradford, the statement declaring that within the past year the tool house has been entered 25 times and a number of tools taken. Teachers of Grand Valley school, in cooperation with the PTA are holding open house Thursday evening at 7:30 o'clock and every person is welcome. Dick Costley, supervisor of the Allegheny National Forest, was one of the speakers at the Farmers' and Sportsmen's dinner last Friday in the Marienville Presbyterian church under the sponsorship of the Marienville Rod and Gun Club, when he took advantage of the opportunity to tell his listeners "The Allegheny National Forest is paying its way with 600 miles of trout streams in the state unrestricted for fishing and a million acres of forest lands unrestricted for hunting." Fire, set by lightning Monday morning, destroyed a big barn on the Carroll Blood, Jr., dairy farm four miles northwest of Lanesville, with a loss estimated at \$20,000. Elk league bowlers are looking forward to an entertaining time next Monday evening when the annual banquet and party will be staged, and according to reports the tickets are going fast. Sports writers in the area seem to all be of the opinion that Keith Velling of Warren will be one of the first string men for the right halfback position on the 1952 football team at Penn State. Lieut. Governor Frank P. Norman, of Erie, attending the meeting of the board of directors of the Warren Kiwanis Club Monday evening in the office of Cliff Betts, at the Betts Machine Co., and after listening to reports on the various activities highly praised the Warren Kiwanians for the variety and importance of projects promoted. And that reminds us President Cliff Betts accompanied by Cecil Winans, Dick Wetzel and "Chuck" Henderson left early this afternoon to attend a dinner-meeting at Bellevue tonight honoring International President Claude Helman.

H-Bomb Plant Housing Taxes Washington Funds, Patience

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Demands that something be done about the housing situation at the huge new Savannah River H-bomb plant are coming into Washington from the Augusta, Ga.-Alken, S. C., area.

Part of the complaint comes from some of the 30,000 workmen now on the job at this world's largest construction project. Other complaints come from housing contractors and trailer manufacturers who are sore because they didn't get cut in on the deal by the DuPont Co.

Congressional interest centers in fears that the government may lose between four and five million dollars through subsidy guarantees to dormitory-barracks and trailer-housing contractors.

Atomic Energy Commission replies that it won't lose that much when the temporary housing projects are completed and fully operative. This will be late this summer and for the following three years, when peak employment will be between 47,000 and 60,000 men.

Even if the government should run into an extra cost of several million dollars for temporary housing, Atomic Energy Commission officials believe this loss will be less than it would have been if the government had built and operated its own towns.

In trying to get private contractors to come into the Savannah River site, however, the government ran into trouble. The contractors wanted guarantees, so they wouldn't lose any money. AEC, through the DuPont company, approved them.

On 4500 dormitory units for unmarried workers being built by Lyle and Lang of Charleston, the government guaranteed 100 per cent occupancy at \$8.25 a week per man.

Maximum occupancy has been about 300 men so far. So the government is having to pay \$8.25 a week for some 3600 empty rooms, or \$28,700 a week.

For families, a huge trailer park project of 4000 units was approved on the Augusta side of the river. Contract for this development was given to the John A. Robbins Co. of Philadelphia. The government guaranteed 90 per cent occupancy at a rental of \$82.50 a month.

The first 300 units of this trailer park were opened April 4, to the accompaniment of considerable criticism. The site is 28 miles from the plant. The river is crossed on two old double-lane bridges, with narrow access roads which are traffic bottlenecks.

THE location is on river bottom land, protected by levees. Street levels are low and have been under water part of the time. As if this wasn't enough grief, Office of Rent Stabilization has now come along with decisions that the AEC-guaranteed rates are too high. A ceiling of \$6 a week on single rooms, \$10 a week on double rooms, has been applied to the dormitory units.

AEC has protested this ruling. If it sticks, the government would have to pay the contractor, Lyle and Lang, the subsidy difference between ceiling rate and guaranteed rate. This would amount to \$2.25 a week on single rooms, \$5.50 on double rooms for the 4500 units when they're all built and in use.

For the trailers, Office of Rent Stabilization has served notice it considers \$60 a month a proper ceiling rental. This ceiling has not been put into effect because the trailer park project has not been completed. When all units are finished, AEC will have 30 days in which to file a protest against the lower rental rate.

If the Office of Rent Stabilization overrules the protest and slaps on the ceiling, the government will be faced with the prospect of paying the Robbins company a subsidy of \$22.50 a month on each trailer rented. This is the difference between the ceiling rental and the contract, guaranteed rental.

It makes each drop of gas say uncle

ACCORDING to combustion experts, there's as much energy locked in a drop of gasoline as there is in a drop of nitroglycerine.

But the problem is to put that energy to work.

So Buick engineers aren't content just to mix that drop with air and touch it off. They've designed an engine that brings it catapulting into a cylinder head where it strikes a turbo-top piston

—gets whipped into a churning, swirling ball of tight-packed energy.

Then it's fired. And when that happens, a drop of gasoline certainly lets loose power.

This isn't something that happens in a "car of the future."

It happens in a Buick Fireball 8 Engine today. It's a high-compression engine. It's a valve-in-head engine. But it's also a Fireball in performance as well as name.

And it puts extra power under the hood—and extra miles in the fuel back in the gas tank.

Now, power is great, but what goes with it?

Mister, that's something you ought to find out—and soon.

What goes with it is an automobile as sweet-handling, eager and willing as

anything that ever made your pulse leap to a faster beat.

It's a car that seems to know what you want it to do—true and sure in its course on a straightaway—beautifully balanced on curves.

It's a car with Dynaflo Drive* to feed power with infinite smoothness—and a road-hugging levelness of ride that took a million in cold cash to perfect.

And it is, with all this, a very tidy bargain. Why not price it, drive it, know it for yourself? We'll be glad to arrange a demonstration.

Chapter 18

THERE was little sleep for Melody that night. For a few minutes the gulf between Steve and herself had seemed to shrink to the point where she had hoped that it might be bridged. Then her own unfortunate remark, followed by the equally blunt retort on Steve's part, had spoiled it all. For an hour she lay stonily silent, wondering if Steve, rolled in his blanket under the wagon, were suffering any qualms which might keep him awake, hopeful that in contrition, he might come and say so.

But nothing happened, though late at night it seemed to her that someone was moving about outside, that she heard the creak of saddle leather and the jingle of bits. That was later, however, long after she had dissolved in a flood of tears. Out of those grew a hard, brittle anger. It was still with her as the camp stirred to activity in the dawn, and she dressed hastily to get out of the chuck wagon so that McVior could set about his tasks. What a life, and what outrageous hours to be up and about! For herself, she preferred civilization.

She was surprised, as she climbed down from the wagon, to see Steve, McKee and another man just riding in on horseback, though she had supposed that only now would they be readying for a day in the saddle. Steve offered no explanation for such a nocturnal journey. He was polite enough at breakfast, but that was worse than his anger had been. She assured him that she could find her way home without difficulty, and noted that he did not say when he might be riding in. Only pride kept her back erect as she rode away from camp.

Could she have known how wakeful Steve had been, how tormented through the night, she would have felt better. The same regret was in him, a dismayed wonder how such a situation could have arisen between them, and how hopeless seemed the effort to surmount it. He had mumbled grudgingly over that as he took

his turn at riding night circle around the herd. But there was in him also a pride and stubbornness to match her own. If she had married him with the intention of winding him around her finger, she'd have to get over it. This was his country, and here he would stay.

Pride melted when she was out of sight, and Melody rode bleakly, followed by the equally blunt retort on Steve's part, had spoiled it all. For an hour she lay stonily silent, wondering if Steve, rolled in his blanket under the wagon, were suffering any qualms which might keep him awake, hopeful that in contrition, he might come and say so.

But nothing happened, though late at night it seemed to her that someone was moving about outside, that she heard the creak of saddle leather and the jingle of bits. That was later, however, long after she had dissolved in a flood of tears. Out of those grew a hard, brittle anger. It was still with her as the camp stirred to activity in the dawn, and she dressed hastily to get out of the chuck wagon so that McVior could set about his tasks. What a life, and what outrageous hours to be up and about! For herself, she preferred civilization.

She was surprised, as she climbed down from the wagon, to see Steve, McKee and another man just riding in on horseback, though she had supposed that only now would they be readying for a day in the saddle. Steve offered no explanation for such a nocturnal journey. He was polite enough at breakfast, but that was worse than his anger had been. She assured him that she could find her way home without difficulty, and noted that he did not say when he might be riding in. Only pride kept her back erect as she rode away from camp.

Could she have known how wakeful Steve had been, how tormented through the night, she would have felt better. The same regret was in him, a dismayed wonder how such a situation could have arisen between them, and how hopeless seemed the effort to surmount it. He had mumbled grudgingly over that as he took

Chapter 19

MATT Tarson's pride had suffered grievously in the treatment which Melody had accorded him. Business came first now, as he had promised Felix. But if he could hurt her at the same time, that would be so much the better. Already a nebulous scheme was taking place in his mind.

They rode for some time, with an appearance of aimlessness. Then, leaving the others to wait, Matt circled, climbing to a vantage point from which he could see a good deal of country. He waited patiently for a quarter of an hour, watching. Then he swung back to rejoin the others.

Those who rode with him today were a hand-picked crew, men who would do whatever he ordered, without question. Hector had not been one of that bunch originally. It had been his fate to join up with them, following yesterday's episode.

Matt Tarson rode alongside Hector, his face wiped clear of all expression. Only when he was beside him did he move, with a speed which took Hector completely by surprise. Matt Tarson's gloved hand, the barrel-clipped Hector alongside the skull. He slumped in the saddle, out cold.

"No need to do this in a way to upset him," Matt explained coolly. "But they'd hang him, sure, at a Cattleman's Court—and he might squawk. So we'll do it and then make out that they did it. Stir up a backfire of our own. . . . Get a rope over that tree!"

His companions agreed. They rode away, leaving him swinging in the early morning breeze. And there, a few minutes later, as Matt Tarson had planned, Melody came suddenly upon him.

A dreadful certainty was in her mind as she rode on. No friend would do this to Hector, therefore it had been done by enemies. And of enemies, who but the Diamond R, led by the man who had been interrupted at this job the day before? Who but her own husband, Steve Russell, who had been returning from a nocturnal ride in the

By the time she reached the ranch, her mind was made up, coldly, completely. For his own sake, she had no choice but to work to get him away from this country, before he became completely brutalized. That afternoon she rode to town.

COLONEL Jackson Dupray maintained a spacious, pleasant office above the Wolf Saloon. Melody was greeted by Dupray with old-fashioned courtesy. He arose to set a chair for her bowing from the waist.

"This is a pleasure, Mrs. Russell," he said gallantly. I can only hope that, in some small way, I may be of service to you."

"I-I came here at the suggestion of Mr. Felix Tarson," she confessed. "I-I need some advice."

"I appreciate the compliment, the part of both of you," he said. "Anything which you may have to say will, of course, be treated with the strictest confidence."

Under that warming influence, Melody found herself pouring out the story of Steve's early hopes and ambitions, her own desire to see him transplanted again to the East where those plans might reach fulfillment.

"Mr. Tarson has offered to buy the ranch," she added. "I think his offer sounds like a good one. A—It does seem like a fair offer," the colonel conceded.

"Under ordinary circumstances, I am sure that Steve would take it gladly," Melody went on. "But right now—the way things are—well, you are an old-timer in this country. Colonel. You know what I mean."

Dupray bowed.

"Indeed I do, my dear," he agreed. "Pride is a stumbling block set in our pathway, and sometimes it leads us to our destruction."

"But what can I do to help persuade Steve to sell? He's very much opposed to the idea now. Mr. Tarson suggested that you might be able to help."

The colonel appeared to ponder. Finally he nodded.

"Under the circumstances, it seems to me that we are com-

pelled to move by devious paths," he suggested.

"Just what do you have in mind?" Melody demanded.

"While your husband was away, conditions at the ranch deteriorated. There is now a mortgage outstanding against the Diamond R, which must be paid within a few weeks. It amounts, I believe, to something like sixty thousand dollars."

"I didn't know that," Melody breathed.

"It gave us, shall we say, a wedge, a wedge with which to move him?" suggested the colonel.

"He hopes, I suppose, to sell sufficient stock, following the roundup, to pay the mortgage. That may be—in fact, I fear it will be, rather difficult. According to rumor, to report—which circulates rather freely in this country—the herds of the Diamond R have been seriously depleted of late years. I understand that the gather, in these first few days of the roundup, have been discouraging."

"You mean that he won't have enough marketable stock to raise the money?"

"It begins to look that way."

"What you are really suggesting," Melody said thoughtfully, "is that the situation, if possible, should be made still more difficult—to make it when he leads to his own destruction. Have you any specific suggestions as to what I might do to help?"

"Nothing specific, I'm afraid," the colonel sighed. "It will depend upon circumstances. But if you should learn of anything which might profitably be employed in the furtherance of the plan—then word to Mr. Felix would perhaps enable an added degree of cooperation. In such an event, I would suggest that you employ the cowboy Linny to transmit any message. He would be trustworthy, under such conditions. Some others might not prove so helpful."

not make any gift to the "Laura" appearing in the paper writing in such manner as to constitute the said Laura Deming a party in interest to offer said paper writing for probate. It also states that Alice Koebley, whose name appears as "Witness", in her affidavit before the Register, did not identify the document as being written or signed by the decedent or as being her last will, but merely deposed that the name of Alice Koebley had been signed by her.

Besides claiming that the paper on its face shows no final dispositive intent, the petition avers that there is no connection between the several pages of the instrument, and a reading thereof in the normal and usual manner discloses no settled and complete testamentary disposition; on the other hand it discloses an uncertainty as to the beneficiaries, the amounts if any to be bequeathed to them and the ultimate and final disposition of the property. It also states that the instrument discloses that alterations and insertions were made thereon subsequent to the time when the signature of Mabel D. Waters was affixed, and does not show any republication of said writing.

The petitioning attorneys claim "that said purported paper writing on its face is so vague, indefinite and obscure that no testamentary or dispositive intent can be gathered from said writing." It also avers that they are unable to ascertain the identity, interest or address of the persons or institutions purported to be noted. A reproduction of the Waters will appeared in The Times-Mirror some weeks ago.

Youngville Senior List Presented To Board for Approval

A list of 40 seniors, to be certified for graduation, was presented to Youngville school board at its meeting Monday evening by Principal E. C. Stillings. All were approved. Valedictorian of the Class of 1952 is Anne Sweetland, daughter of Mr. and Mrs. John Sweetland, of Youngville. The class salutatorian is Audrey Smith, daughter of Mr. and Mrs. Russell Smith, of Garland.

The board adopted a resolution approving the Brokenstraw Valley

Joint School Board and elected Edward Day and Wyllys Johnson as Youngville's representatives to the joint board committee. Fred G. Beckenbach was named alternate member of the committee.

The board also adopted a tentative budget and set the tax rate for the coming year at the same as the current year. The tax calls for 25 mills, \$5 per capita, and \$5 head tax. Mrs. Florence Spencer was elected treasurer of the board.

The resignation of Mrs. Berdina Lay, fourth grade teacher, was accepted regretfully, effective with the end of the current school term. The board interviewed and discussed applicants for several teaching vacancies, but no definite action was taken.

Coch Coach Frank Kamus requested purchase of football equipment,

which was authorized, and the 1952 football schedule was approved. The schedule will be printed in the sports section of the Times-Mirror.

No summer recreation program is planned for this year, it was announced.

The board granted permission for the use of the auditorium by the Warren Electric Cooperative, Inc., of Youngville, on May 15, for its annual meeting; and the use of the gymnasium on the same night by the PTA to serve a lunch for the meeting. It also granted use of the auditorium and school facilities on August 28 and 29 to County Superintendent of Schools H. L. Blair for the purpose of conducting a county school bus drivers' institute.

IF YOU ARE FOR FREEDOM
OUR GOVERNMENT MUST HAVE
A MORAL PURPOSE!

YOU HAVE a natural right — from God — to
protect your Life, Liberty and Property. These
are the three basic requirements for making your
own living. These three gifts of God were given
you with the responsibility for your own exist-
ence. And keeping any one of them is dependent
on the other two. Isn't your LIBERTY to use the
talents and faculties with which you were born
in extension of your God-given INDIVIDUALITY?
Isn't your PROPERTY an extension of the LIBERTY
to use your God-given faculties?

If every individual has the right to protect his
God-given Life, Liberty and Property, then a
group of men have the right to organize and
support a common force — a government — to
protect these rights constantly.

Thus, a moral government must be formed on
individual God-given rights, so—

THE PURPOSE OF OUR GOVERNMENT MUST BE—

"TO MAKE AND ENFORCE LAWS WHICH
PROTECT EVERY INDIVIDUAL'S GOD-
GIVEN LIFE, LIBERTY AND PROPERTY
FROM THE INTERFERENCE OF ANY OTHER
INDIVIDUAL OR GROUP — AND THESE
LAWS MUST ALSO PROTECT THE PEOPLE
FROM GOVERNMENT ITSELF."

All history proves that when a government does
not have this purpose it becomes immoral.

Since an individual cannot lawfully use force
against the Life, Liberty or Property of another
individual, — then a moral government cannot
lawfully be used to destroy the God-given Life,
Liberty or Property of individuals or groups.

JUDGE ALL LAWS BY ASKING YOURSELF THIS QUESTION—

"DOES THIS LAW PROTECT EVERY INDIVIDUAL IN HIS
GOD-GIVEN RIGHT TO LIFE, LIBERTY AND PROPERTY FROM
THE INTERFERENCE OF ANY OTHER INDIVIDUAL OR
FROM GOVERNMENT ITSELF?"

'Showboat Medley' For Final Number In Spring Concert

For the final number on its annual Spring Concert Thursday evening, the High School A Cappella Choir has chosen "Showboat Medley," which will include such Jerome Kern favorites as "Make Believe," "Why Do I Love You?" and "O' Man River."

The program will be given, as usual, in Beatty Junior High School gym and will begin at 8:15 p. m. Admission tickets are available from any member of the choir.

Directed by Carroll A. Fowler, the choir will open the program with a group of sacred songs in which one selection will be Bach's "All Breathing Life, Sing and Praise Ye the Lord" from the motet, "Sing Ye to the Lord," "Ole Ark's a-moverin'" Negro spiritual arranged by Noble Cain, will be a feature of the second group. Both of these numbers were previewed by the choristers in their group of the Music Week concert given at Beatty last evening.

In the third part of the concert, the choir will sing "Some Enchanted Evening" from the musical, "South Pacific," Rodgers-Hammerstein.

Doctor From China Gives Interesting Talk to Lions Club

Dr. S. C. Yu, of the Warren State Hospital staff, delivered a most absorbing and enlightening talk to members of the Warren Lions Club following the regular luncheon and business session at the YWCA Tuesday noon.

As a background for better understanding the present situation between the two countries Dr. Yu, who was born and educated in China, began his talk with a brief description of China and her people in the years preceding World War II. Mentioned here was the fact that for the most part the Chinese people at that time knew little or nothing of our country or way of life. Continuing he pointed out that during the war years which followed, many American troops were in China and for the first time gave the people as a whole a true picture of our country and people. This, he said, established a good relationship.

As for the post-war years and the present situation, Dr. Yu summed these up by saying that he felt a confused and rather reversed policy on the part of the United States as well as the constantly increasing Red propaganda is tending to form a barrier between the two countries. He feels we could both gain much from each other if we can but maintain a friendly and cooperative relationship.

During the business portion of the gathering, Lion President Bob Shiels commended the fine job done by the Lions Club No. 1 bowling team in taking top honors in the Service Club league. The first place trophy engraved with the names of the winning team: Bob Cramer, Myron Jewel, James Mazzu, Jerome Waxman and Harry Cooper, decorated the center of the luncheon table.

Progress Reported On Plans for Flag Day Parade June 14

Excellent progress on all details for the Community Flag Day program to be staged in Warren Saturday evening, June 14, under the auspices of the local Lodge of Elks was reported at a largely-attended meeting of the committee last evening following the regular lodge session.

Most of the discussion pertained to the parade scheduled for 6:30 o'clock, to precede the program that will be staged at War Memorial Field in the evening. Ben Kinnear was chosen marshal for the parade and will name his chief of staff and aides some time after the first of June.

Efforts are being made to have every organization in the borough and county represented in the parade. It was announced that letters explaining the tentative plans with invitations are being mailed to almost 100 different clubs and societies. The parade will be confined to marching units, since it will not be convenient to have motor vehicles in the line, other than those that will carry the speaker, Hon. Edward Martin, former governor, and presently United States Senator.

The committee emphasizes that every organization is not only invited but urged to plan to be represented in the parade, which will march only a little over a mile from Hickory street to War Memorial Field. Several bands have already been secured and others are considering invitations.

During the regular lodge session, presided over by Exalted Ruler John G. MacDonald, names of a number of applications for membership were received; the budget for the year 1952-53 was read and adopted; announcement was made that plans are complete for the bowling league banquet next Monday evening; a report was received from Joe Gardner, of the Warren State Hospital, that the goal of 20 TV sets for the institution has been reached fifty percent, through fine cooperation received from Warren Lodge and the North District.

Dean A. Anderson was installed as inner guard by Past Exalted Ruler A. A. Albaugh, and a ritual service was held in memory of Christian H. Marker, whose death occurred a week ago.

The next meeting of the Flag Day committee will be held following the lodge session of May 20th. In the meantime the committee urges representatives of organizations planning to participate to contact Ben Kinnear, marshal, at Kinnear's store, or Ed Lowrey, general chairman, Times-Mirror office.

Committee Seeks Contributions For Celebration Fund

Letters will be mailed this week by John W. Newmaker, solicitation committee chairman for the Junior Chamber of Commerce, asking financial assistance from local residents for the purpose of putting on the annual July 4th celebration.

Mr. Newmaker's letter states that the past few years have been considered successful, enough capital must be raised to put the venture on a sound financial footing and insure its continuation.

He also points out that "We of the Celebration Committee feel that among the many requests for financial assistance which you receive, one which merits your consideration, from the point of view of contributing to the pleasure, amusement and good will of the people of Warren, is the annual Fourth of July Celebration."

Tentative plans of the Jaycees include a series of events to start the evening of July 3 and end the evening of July 5.

MR. AND MRS. ROGER L. THELIN —Borg Studio

Palms and white glads formed a pretty setting in St. Paul's Lutheran church Saturday, May 3, for the wedding of Erma Ethel, daughter of Mr. and Mrs. Emerson H. Spicer, Sr., of Warren RD 2, and Roger LeRoy, son of Mr. and Mrs. Emerson H. Spicer, Sr., of Warren RD 2, and Roger LeRoy, son of Mr. and Mrs. Perry Thelin, of the same address.

The Rev. Nore G. Gustafson, pastor, read the double ring service at 2:00 p. m. Elmer Bloom, vocalist, uses as his numbers "Saviour, Like a Shepherd Lead Us", "Wedding Prayer" and "The Lord's Prayer", with Ruth Bengtson as the organist.

Given in marriage by her father, the bride was attractively gowned in white slipper satin and carried an arm bouquet of calla lilies. Her gown was styled with peter pan collar at the high neckline and had a cathedral train. Her veil fell fingertip length from a crown of lace and pearls.

Her matron of honor was her sister, Mrs. Kenneth Ekey, wearing Nile green taffeta and lace jacket of the same shade, with a floral headband which matched her arm bouquet of yellow carnations. Marilyn Thelin, sister of the bridegroom and flower girl, wore yellow satin, with headband of white carnations, and carried a basket of the same flowers in yellow and white. The ring bearer, Little Beverly Jones of Russell had a gown identical to the bride's and a matching fingertip veil.

Completing the bridal party, Russell Thelin was best man for his brother; Duane and Emerson Spicer, Jr., brothers of the bride, were ushers; and the second ring bearer was Donald Ekey, nephew of the bride, attired in a white suit.

The two mothers wore orchid corsages with navy blue ensembles, Mrs. Spicer having white accessories and Mrs. Thelin choosing navy.

A reception for 125 guests followed immediately in the church parlors, where candles and spring flowers decorated the bride's table. Mrs. Duane Spicer served the four-tiered wedding cake, which was topped with miniature bridal figures; Mrs. Irwin Tillard and Mrs. Myrtle Wallin presided, and aides were members of the Che-Lo-Cha Class. Out of town guests were from Hubbard, O.; Wellsville, Westfield, Jamestown, Warren, Lander, Russell, and Youngsville.

The newlyweds left later for a wedding trip to an undisclosed destination, to be at home to friends on Miller Hill after May 10. For travel, the bride chose a navy suit and accessories, corsage of white rosebuds, and the pearl necklace which was the bridegroom's gift.

Both young people were graduated in 1949 from Sugar Grove-Farmington Joint School, with the bride employed by the New-Process Company, the bridegroom engaged in farming.

Honoring the bride-elect were

Mrs. Gordon Johnson and Mrs. Belmar Hitchcock; Mrs. Emerson Spicer, Jr.; Mrs. Leo Rapp; Mr. and Mrs. Duane Spicer; Mrs. Irwin Tillard and Mrs. Arthur Peterson; girls of the NPC; Mary Lou Hill and Pat Meley, with the rehearsal party given by Mr. and Mrs. Perry Thelin.

Leaders In Girl Scout Scrap Drive

Pictured above are chairmen of the six divisions of the Warren-Forest Counties Girl Scout Scrap Drive. Seated, left to right, Mrs. Vance Weld and Mrs. Victor Spattifor; standing, in the same order, Ralph Sires, Vance Weld, Harry Logan, Jr., Charles Blackman and Robert Wulder.

Scheduled for collection in the big Scout Scrap Drive are all kinds of old scrap items, large or small, made of iron, steel, brass, copper, aluminum or lead. Four divisions have been created to be responsible for pickup of these metals from each of the four major sources of scrap.

Harry Logan, Jr., chairman of the Industrial Division, and his committee are personally contacting more than 60 industrial firms in Warren and Warren county. Nearly 10 tons of scrap have been collected so far by this division.

Vance Weld, as chairman of the Oil Lease Division, has announced that he will arrange for oil lease scrap pickups which are too large to be included in the regular scrap pickup next Saturday, May 10th. If any oil lease owner or neighborhood Scout, who has large scrap pickups, will call Mr. Weld at Warren 1010, arrangements will be made for its collection.

The Scrap Car Division, of which Charles Blackman is chairman, is conducting a "spotting" contest in an effort to recover the much needed steel of old scrap cars for use in making machinery for the Defense program. Prizes of \$10, \$7, and \$5 are being given to the Girl Scout troops which spot the most scrap cars.

The big day for the District Division, which Mrs. Vance Weld leads, will be Saturday, May 10th. That is the day of the residential scrap pickup in both Warren borough and Warren county. Old rags, clean or dirty, are slated for collection as well as the scrap metal.

Items; however, no paper or tin cans will be collected. Girl Scouts, themselves, work in this division and will help this Saturday by conducting "Reminder Tours" in the morning. The curb pickup will begin at 1:00 p. m.

Ralph Sires, chairman of the Transport Division, is making final arrangements for the trucks.

The Girl Scout Scrap Drive provides an opportunity to get rid of old junk and at the same time help the Girl Scouts and the national defense program.

53 Teams to Compete in Hot Stove Baseball

790 PLAYERS ARE ASSIGNED IN 5 LEAGUES

Not including two midwest teams and one intermediate team from the Youngsville area, the Warren Hot Stove League now numbers 53 teams, according to reports given at the committee meeting held in the Trinity Memorial Parish House last night.

Taking in the eight Warren districts, Rogertown, North Warren, Clarendon, Pleasant Township and Russell, a new district this year, 790 players are officially signed up. Breaking this down into the five leagues, the Bantams will have 11 teams and 192 players; Midgets, 16 teams, 205 players; Cadets, 10 teams, 160 players; Intermediates, eight teams, 125 players; and the Juniors, eight teams and 108 players.

During the meeting Roger Hendrickson, in charge of securing the team sponsors, gave his report and assignments were made. A complete list should be available for publication in Friday's Times-Mirror.

Nick Creola, member of the equipment committee, informed the organization that some new bats and balls had been purchased, but until a complete check is made of equipment on hand from last year, there will be no more buying.

It should also be noted by all team handlers and managers that the balls and bats will be handed out only at the league meetings, starting next week.

Dick Ross, manager of the Western Auto Store, reported to the group that he would contribute a trophy to the sponsor of the winning team in each league this year.

President Charles Musante set the next meeting of the committee for next Tuesday at 9 o'clock.

A MESSAGE FROM COMMISSIONER FRICK

"Many times in the past—under conditions of war and peace—it has been my privilege to endorse on behalf of the baseball world many matters of national and international importance. Again it is my privilege to bring to the attention of ball players and their fans the vital importance of joining the men and women of our armed forces in the fight against our two enemies—communist aggression and inflation.

"Ball players from all parts of the country—along with their fans—have donned the uniform of Uncle Sam's Navy, Army, Air Force, Coast Guard and Marine Corps. They are serving side by side not only in Korea, but in every part of the world where we must stand prepared to protect our nation and our way of life.

"Through the years since the beginning of World War II, baseball has lent its support to every need of our nation. And today, I want to urge, not only our own players but the millions of fans who watch them play ball week in and week out, to back up our men and women in uniform through the regular purchase of U. S. Defense Bonds. Every person to whom the Payroll Savings Plan is available should recognize that this easy automatic system is the best possible way of making their contribution to the stability of the nation. Defense Bonds are dollars saved for yourself and for your country.

"Let's show those men and women in the Armed Forces—sons, daughters or favorite ball players—that we're with them all the way."—FORD FRICK, Commissioner of Baseball.

Softball League Responsibility For Rosters Tonight Basketball Scandal Rests on Kentucky

Lexington, Ky. (AP)—The University of Kentucky acknowledged today its administrative officials and athletic staff are partially responsible for the basketball scandal that struck the school.

It said, "Never again shall a scandal besmear the name of their university," because it was resolved to make reforms.

Eleven officials including Gov. Wetherby and President H. L. Donovan of the university signed a preliminary statement replying to Judge Saul Streit of New York, who denounced Kentucky's athletic spending and policies.

The judge let forth his multiple-charge blast a week ago as he gave suspended sentences to former Kentucky cagers Alex Groza, Ralph Beard and Dale Barnstable, who admitted taking bribes to fix games.

The jurist was particularly harsh on Adolph Rupp, veteran basketball coach, and said he and the school must share responsibility.

The university replied "We do not contend that our record in this affair is above criticism... but in establishing an athletics program... we affirm that we shall be answerable to the people of Kentucky, to the NCAA, and to our regional associations and that our policies will not be dictated by Judge Streit."

The school hit at the New York angle of the cage scandal which spread to eight schools and 30-odd players.

Ned Irish, who brought college basketball into Madison Square Garden, was not available for comment.

Warren Sports Boosters Are Already Planning for Leidig Testimonial Banquet Oct. 11

As a result of a meeting of Chairman Ray Reed's banquet committee of the Warren Sports Boosters, held Tuesday evening in the Struthers Wells offices, committee member Don McComas is today in search of the largest available hall for the testimonial banquet to J. B. Leidig, Saturday, October 11.

Other committee members were to consult today with P. W. M. Pressel, former Warren High principal, to enlist his aid in determining a speaker of note who received his early education in the local school during the 40 years Mr. Leidig has coached here.

And still other committee workers are preparing to tackle the gargantuan task of contacting all who have won letters at Warren High school since 1912, in the belief that many of them will want to be in Warren for the October 11 event.

On that same weekend, the VHS football squad of 1917 will be holding its 35th anniversary reunion and the squad of 1922 will return after 30 years.

Mr. Reed has called another committee meeting for next week.

Philadelphia Eagles To Train at Hershey

Philadelphia (AP)—The Philadelphia Eagles of the National Football League again will hold pre-season training at Hershey, Pa., starting August 1.

General Manager Vince McNally said yesterday Hershey "is one of the finest football training camps I've ever seen and the cooperation from the men in charge of the excellent facilities couldn't be any better."

McNally added the Eagles expect to play at least one pre-season game and perhaps two at Hershey Stadium. Last year the Eagles played Pittsburgh and the New York Giants there.

Portland, Ore.—Dick Wagner, 175 1/2, New York, knocked out Bobby Wise, 172, Oakland, Calif., 4.

Newark, N. J.—Texas Gonzalez, 152, East Orange, N. J., outpointed Joe Tomasello, 154 1/2, Matawan, N. J., 8.

Hagerstown Braves Set Fast Pace For Inter-State League

By The Associated Press
Interstate League baseball fans of the 1951 pennant winning Hagerstown Braves are having lots of trouble beating the Marylanders this season. In fact, since the campaign opened two weeks ago it's only been done once.
And the Braves, now atop the standings by two games with a 7-1 log, have shown they aren't too worried about the team that beat them. Lancaster's Red Roses turned the trick, 9-7, last week-end. Last night the Braves blasted five Red Rose hurlers for 12 hits and a 13-7 win to sweep a two game series in the Pennsylvania city.

At Sunbury the Sunbury Giants eased into a tie for second place with Wilmington by copping their fifth in a row after losing their opening three contests. Five safeties when the Giants batted around in the seventh inning accounted for six runs and a 6-2 victory over the Salisbury Red Legs.
In a game at Allentown in which 20 batters went down via the strike-out route, the Allentown Cardinals defeated York, 3-1. The last place Harrisburg Senators chalked up their second victory of the year with a ninth inning-two out double beating Wilmington, 3-2.

Pine Grove Sportsmen Will Meet Thursday

Considerable business of importance is to come before the May meeting of the Pine Grove Sportsmen's Association and a large turnout of members is hoped for. The session is scheduled at 8:00 p. m. Thursday in the IOOF hall at Russell.

Waters died August 9, 1930 a resident of the Borough and County of Warren, Pennsylvania, leaving to survive her as the persons entitled to her estate under the intestate laws of this Commonwealth five first cousins, namely: Elsie P. Heaton, Edgar Phillips, Roy C. Phillips, Frank A. Dalrymple and Jane D. MacDonald; that a certain undated paper writing alleged to be the Last Will and Testament of said decedent was admitted to probate by the Register of Wills of Warren County on January 31, 1932 and entered in the Register's Office of said County in the Register's Book 94 at page 494 to which record all parties in interest are directed; that said undated paper was admitted to probate by the Register of Wills of Warren County upon petition filed by Laura Deming without any notice to the administrator of said estate, without notice to the heirs, without a formal hearing being had before the Register of Wills and without any petition being filed to vacate the Letters of Administration heretofore granted Neil D. Paterson; that on March 19, 1932, the petitioners above named filed an appeal from the Decree of the Register of Wills and entered their security as required by the Act of Assembly and the record of the proceedings was duly certified by the Register of Wills to the Orphans' Court of Warren County.

That said petitioners allege that the proceedings before the Register of Wills and the resulting Decree of Probate were irregular in that there was no identification of the said undated paper writing as being written or signed by the decedent or as being the Last Will of the decedent.

Said petitioners further averred that said undated paper writing probated as the Last Will and Testament of Mabel D. Waters, deceased, was not in fact and in law the Last Will and Testament of said decedent, and that said paper writing was not shown on its face any final

dispositive intent with respect to the disposition of her property or the recipients of her bounty; that said undated paper writing disclosed an uncertainty as to her beneficiaries, the amounts, if any, to bequeath to them and the ultimate final disposition of her property; that on its face said undated paper writing disclosed alterations, insertions, made subsequent to the time when the signature of Mabel D. Waters was affixed thereto and did not show any re-publication of said writing.

Petitioners further averred that said undated paper writing on its face was so vague, indefinite and obscure that no testamentary or dispositive intent could be gathered from said writing.

Petitioners finally averred that one page of said paper writing being the page upon which the purported signature of Mabel D. Waters appeared, directed "the payment of funeral expenses and the distribution of my estate as indicated" but that other pages of said paper writing disclosed such alterations, insertions, deletions and omissions as to evidence no final dispositive intent.

WHEREFORE said petitioners prayed that the Court award a citation directed to the above named individuals and institutions to show cause why said appeal from the probate should not be sustained and the Decree of the Register of Wills accepting said paper writing for probate as a will should not be set aside.

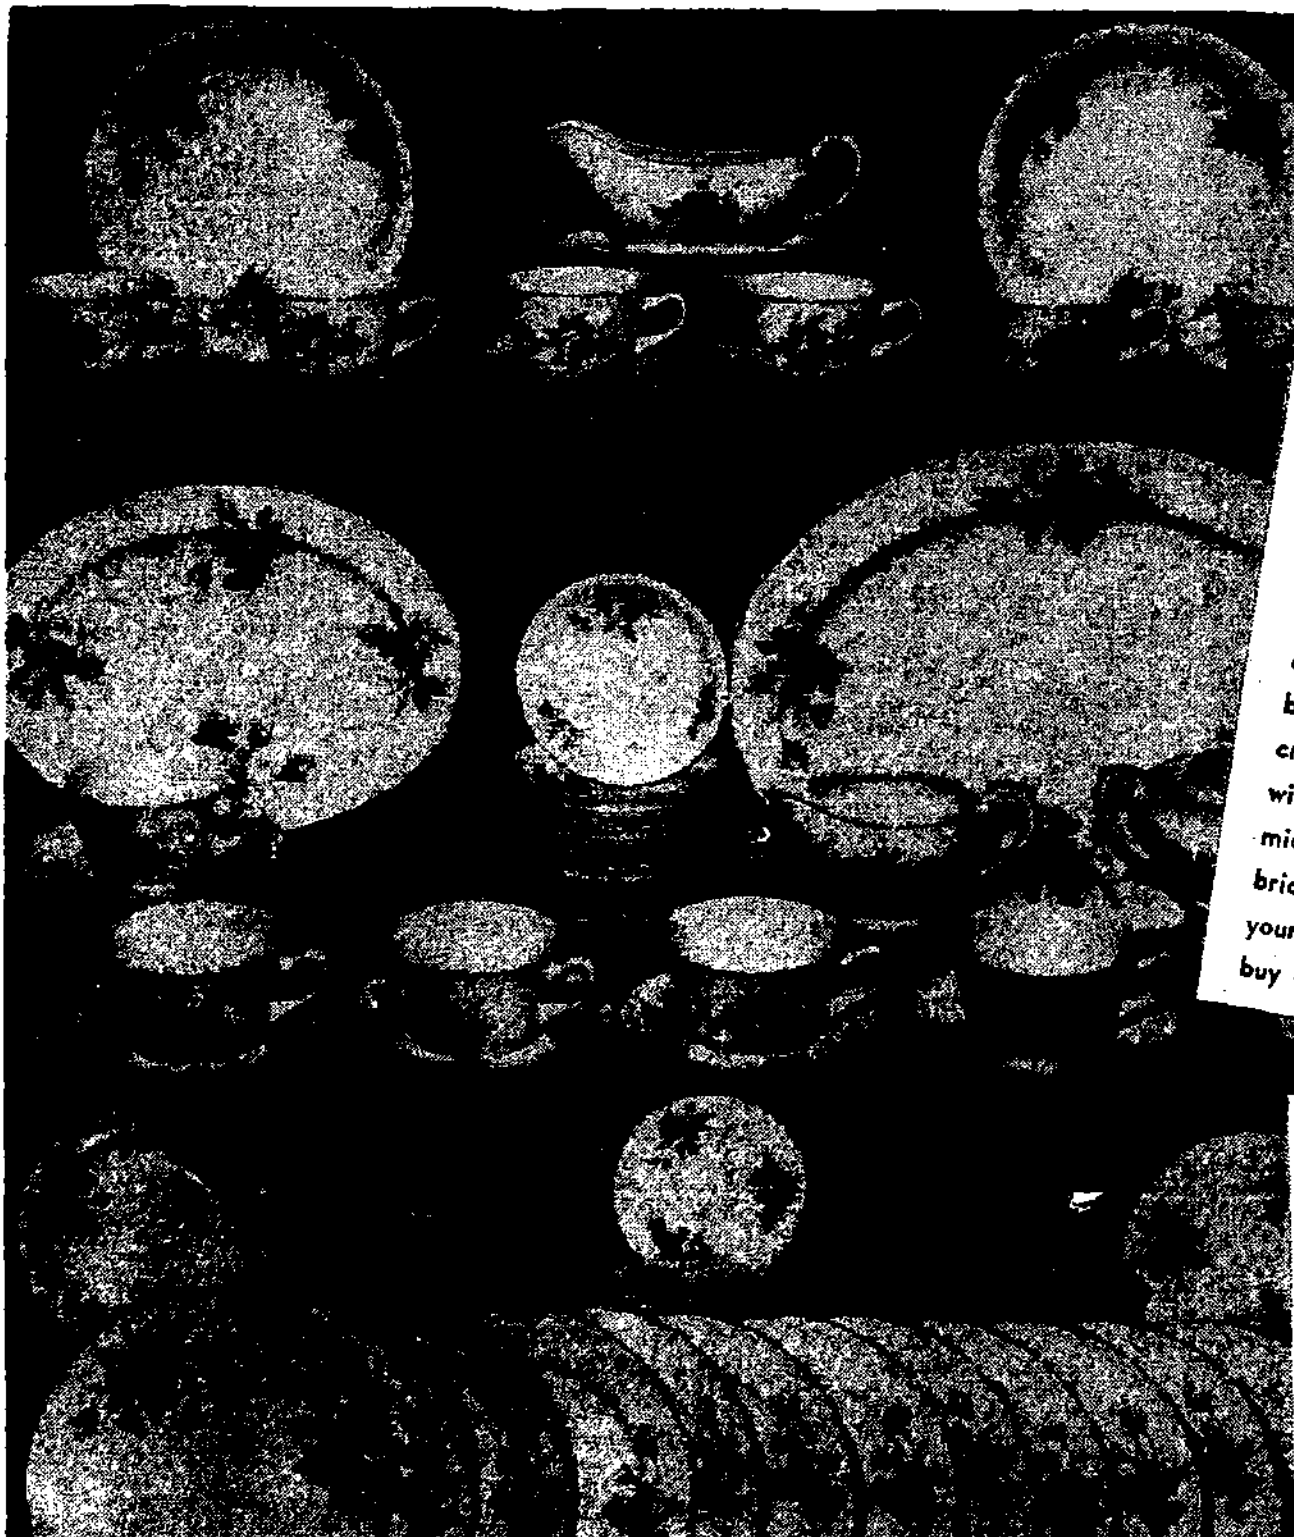

WHEREUPON the said Court, did, on April 30, 1952, at the above court term and number, grant the prayer of said petition and awarded a citation directed to the above named individuals and institutions to show cause why the Decree of the Register of Wills of Warren County admitting to probate a certain writing, undated, as the Last Will and Testament of Mabel D. Waters should not be set aside, and further directed that said Respondents shall appear and file an answer, under oath, to the averments of said petition on or before June 9, 1952 at 10:00 A. M. D. S. T.

The Court further directed under said Order that service by publication be made once a week for three successive weeks in the Warren Times-Mirror of the citation awarded together with a summary of the matters set forth in said petition.
